

MICHAEL ORIZU

SUMMARY

Experienced full-stack developer with expertise in both front-end and back-end development, including **JavaScript, React, Node.js, Vue.js**, and more. Skilled in creating interactive, scalable web applications, with a strong focus on user experience and efficient, high-performing solutions. Proficient in database management with **MongoDB** and **PostgreSQL**, as well as graphic design and UI/UX principles. Eager to contribute innovative solutions and drive development projects to success.

EDUCATION

Yaba College of Technology | Lagos, Nigeria

COMPUTER SCIENCE, BACHELOR

2015-2020

EXPERIENCE

Full-Stack Developer, Barter (Revolutionizing Value Exchange)

Dates of Employment: MAY 21st 2023 - Present

- Designed and implemented scalable backend systems using Node.js, Express.js, and RESTful APIs to support various financial transaction processes.
- Collaborated closely with front-end teams to ensure smooth integration of backend services with user-facing components.
- Developed secure, efficient database architectures using MongoDB and PostgreSQL, optimizing for performance and data integrity.
- Integrated third-party APIs for payment processing and currency exchange, ensuring seamless financial operations.
- Conducted regular performance tuning, debugging, and code reviews to maintain the quality and security of backend services.
- Implemented authentication and authorization mechanisms using OAuth and JWT to protect sensitive user data.
